

# Revolutionize Your Disposal Company with the 160 Gallon

## ***EZ STREET 160***<sup>TM</sup>

- **FAST** ■ **EFFICIENT**
- **COMMERCIAL & RESIDENTIAL**

The EZ STREET 160 can was designed and developed to expand the operation of most residential automated trucks - no special attachments required - saving your company time and money.

The EZ STREET 160:

- Holds 5 cans worth of trash - or  $\frac{3}{4}$  yard
- Dimensions: 4' side-to-side  
4'5" front-to-back  
42" closed height  
39" load height
- 500 lb. capacity
- Optional 3rd wheel  
easy roll design

*Optional 3rd Wheel  
available for easier  
handling*

### **Reduce or eliminate routes**

Keep that competitive edge in today's ever-changing business environment by cutting your expenses and utilizing existing equipment in the most efficient way possible. Leave the big trucks for the big jobs and maneuver your smaller residential trucks with routes that save time, energy and injury.

*Out-of-the-way business routes*

*Multiple family residential routes*

## The 160 Gallon

# EZ STREET 160™

### Save space

This commercial can holds the equivalent of five 32 gallon cans. The EZ STREET 160 is perfect for:

- small businesses
- multi-family duplexes, fourplexes, etc.
- rural areas

Two of the EZ STREET 160 cans replace a 1½ yard container that is just too big to maneuver in many places. It's perfect for:

- tight alleys
- low wires
- small enclosures

*The EZ STREET 160 is the perfect in between size... replacing multiple small cans or too-big-to-handle dumpsters.*

### Save time and energy

- No need for rear or front load trucks in many inaccessible areas
- Expand the use of your residential side load trucks
- Reduce wear and tear and fuel consumption on large commercial trucks
- Larger 160 gallon can eliminates multiple cans and therefore fewer pick ups
- Can size fulfills that in-between size so many customers need
- Easy side-arm loading reduces on-job injuries and saves driver time
- Handy roll wheels makes movement easier for customer too!

*Eliminate dangerous and strenuous dumpster retrievals*
